GRANT IS WINNER IN AUTO CLASSIC

Only Two Finish in the Vanderbilt Cup Race.

REFEREE DECLARES "NO RACE"

Joe Matson Victor in Short Sprint for Massapequa Trophy—Thousand See Great Speed Tests on Long Island Course—Spencer E. Wishart Makes Debut as Racing Driver.

New York, Oct. 30.—Harry F. Grant, of Boston, won the race for the Vanderbilt Cup to-day on Long Island, driving the American Locomotive Company's 60-horsepower Alco car over the race distance of 278.8 miles in 4:25:42, averaging just under sixty-three miles an hour.

E. M. Parker, of New York City, driving the Fiat Automobile Company's 45-horsepower Fiat, was second, in 4:38:52.5, averaging a shade less than sixty miles an hour.

Only Two Finished. These two drivers were the only ones to complete the race distance, as William K. Vanderbilt, Jr., the cup donor and referee of the race, called the contest off a few minutes after Parker had completed the twenty-second round of the 124 circuit in Nassau County, over which the race was run.

William Knipper, who was driving the No. 7 forty-horsepower Chalmers-Detroit, in place of Bert Dingley, who had been inured in an accident on Thursday morning, had taken the lead in the seventh round and held it until a heated bearing lost the lead for him in the twentieth round. Knipper got his car going again and was running in third place when the race was called off.

Itay W. Haroun, of Chicago, driving a thirty-two-horsepower Marmion car, won the 186.9 miles for the Wheatley Hills trophy in 3:02:15. His time for the fifteen rounds of the class distance was faster than that of all the Vanderbilt Cup cars except Knipper's and Parker's, and was seven minutes faster than that of Grant for the distance.

Joe Matson, winner of the Chicago Automobile Club race for the Indiana trophy last summer, won the 120.46-mile race for the Massapequa trophy in 2:08:52.5, with a thirty-horsepower Chalmers-Detroit.

Martin Dooley, driving a twenty-two-horsepower Maxwell, was second in 2:38:44.5. Arthur See, driving a twenty-two-horsepower Maxwell, was third in 2:40:45, and George Ainslee, driving a twenty-horsepower Hudson, was fourth in 2:50:54.45.

Both Win Prizes. Both Haroun and Matson won cash prizes of \$1,000, in addition to the trophies, which will go to the manufacturers of the Marmion and Chalmers-Detroit cars.

Spencer E. Wishart, the twenty-year-old amateur from Greenwich, Conn., who was making his debut as a road racing driver, made the fastest time and led in the big car division for the first round, even though he was driving a six-year-old Mercedes. Louis Chevrolet took the lead with his Buick for the second, third, and fourth rounds, and young Wishart again led for the fifth and sixth rounds.

There were no accidents to mar the running of the race, except for a few mishaps to the mechanism of the competing cars in which none of the drivers or mechanics were even shaken up by being thrown out of their cars.

School Receives Friends. The members of the faculty of the Florence School, assisted by the pupils, held an informal "home" Friday afternoon and evening. Grants took this first opportunity of the season to greet their friends in the institution. Yesterday afternoon the girls gave a Halloween picnic, going up the river as far as Little Falls, where they were the guests of the Annapolis Boat Club at a supper and oyster roast.

CIRCUS TREASURY LOOTED.

Bandits Gag Guard and Escape with \$60,000 in Tennessee.

Memphis, Tenn., Oct. 30.—Trainmen going through the circus train of Yankee Robinson's railroad show early this morning, found the treasurer of the circus bound and gagged in his private coach. As soon as he was released, a search showed that \$60,000 was missing, being the receipts of two performances in Pine Bluff, Ark.

The circus train left Pine Bluff for Fordyce, about sixty miles southwest, on the Cotton Belt road. Persons were seen hanging about the train at Blison, where a brief stop was made, and soon after leaving, two or three bandits, the treasurer is not certain how many, held him up at the muzzle of revolvers, bound and gagged him, and looted the safe in the car of his contents.

BODIES COMING ASHORE.

Halifax, Nova Scotia, Oct. 30.—Bodies from the steamer Hestia are coming ashore on this coast from Port Maitland to Yarmouth Bar. Undertaker Sweeney has seventeen now in his rooms in the town of Yarmouth, and another is on its way to-night from Port Maitland.

The following have been identified: Capt. Newman; First Officer McNeil; P. E. Munn, chief engineer; William West, third engineer; Walter Warpeck, storekeeper; Allen McLean, chief steward; and Theodore Reid. Passengers, A. Dubraw, Graham, Arthur Murray, John McFarlane, John Smythe, and Andrew Martin.

Two others and a boy are as yet unidentified. Capt. Newman's body was found at Port Maitland. The funeral will take place on Monday.

KOREANS APPLY TORCH.

Force of 300 Rioters Set Fire to Railroad Station.

Seoul, Korea, Oct. 30.—The union station here of the Seoul-Fusan Railroad was attacked by 300 rioters at midnight last night and partially burned.

The rioters were dispersed, but gathered again to-day, and are said to be moving northward. No casualties have been reported. The garrison has been ordered to quell the disturbance.

AERO NOVICE WINS PRIZE.

Berlin, Oct. 30.—Herr Grada, a German engineer, to-day at Johannisthal fulfilled the conditions for winning the Lanz prize of \$8,000 for monoplane.

He flew two and one-half kilometers in a double circle, making a figure eight in two minutes and forty seconds.

IN LONDON SOCIETY

Queen Returns to Metropolis in Better Health.

QUEEN MAUD IS HER GUEST

Premier Asquith Bothered at Lady McLaren's First Reception by Two Suffragettes Who Gained Admission to Drawing Room—Ambassador and Mrs. Reid Entertain Lord Lucas.

London, Oct. 30.—The Queen has returned to London improved in health. She brought Queen Maud and Prince Olaf of Norway as guests. This week the two queens and Princess Victoria visited several theaters before leaving for a quiet stay at Sandringham.

The King, with many members of smart society, spent most of the week at New Market, where, considering the weather, the races were well attended. Lady Bateman, Mmes. G. C. West, Strabridge, Robert Esmet, David Beatty, and some Americans were seen among the crowd.

Duke Gives Up Idea.

The Duke and Duchess of Roxburgh have given up the idea of any more large house parties this season on account of the death of the duke's aunt, Lady Susan Grant-Suttie. They will stay quietly at Floors Castle until their town house is opened.

Mrs. Pappenheim has taken a new house in Mansfield street with her daughter. She has also started entertaining by giving some dinners.

Lady McLaren inaugurated the government hospitality for the winter season by giving a large reception to the prime minister yesterday. Ladies Granard and Frances Charming and Mmes. Lewis Harcourt and John Robertson were some of the Americans present.

Lady McLaren, who, although an ardent suffragist, is opposed to the suffragettes, was horrified during the course of the evening to see the two militant ones having gained admission to her drawing room, and were forcing their conversation upon the defenseless prime minister, who, being without his usual bodyguard of detectives, was obliged to listen to their harangues.

One explained to him she had previously worked for the Liberal party, but was now obliged to work against it. She showed him a poster used in the Bermondsey election depicting a suffragette bound and being fed through a tube by

KAISER AT LECTURE

Hearnsan Exposition on American Politics.

ROOSEVELT PROFESSOR TALKS

Brilliant and Learned Audience Applauds Introductory Addresses of Profs. Wheeler and Moore—Our System of Government Praised in Explaining Power of Public Opinion.

Berlin, Oct. 30.—The hall of the university was filled to-day with a brilliant and learned company, including the Kaiser and Kaiserin, to hear the introductory lectures of Profs. Wheeler and Moore. The Kaiser wore the uniform of the Jaeger regiment of infantry.

He was accompanied by Gen. von Plessen and Admiral von Mueller, chief of the marine cabinet. The Kaiserin wore a costume of her favorite vander, and was attended by a lady of the court.

The American Embassy was represented by Mr. Hitt, who is acting as chargé d'affaires in the absence of Ambassador Hill; Mr. Schroll, third secretary, and Capt. Shurtle, the military attaché, and their wives. Baron von dem Bussche represented the ministry of foreign affairs.

The rector magnificus opened the meeting by thanking the Kaiser and Kaiserin for their presence, recalling their presence three years ago at the introductory lecture of Prof. Burgess, famous, it will be remembered, for the sensation it caused by Prof. Burgess' explanation of the Monroe doctrine.

There was nothing sensational in today's lectures. Both were highly interesting. They were delivered in excellent German. Prof. Wheeler, speaking on the power of "Public opinion in America," described it as the source of all power in that country, which no politician dare defy.

His task was to discover its tendency and then to give expression to it. "Public opinion," he said, "is the election convention, dictated the programme. Hence, there has never been any desire in America to adopt parliamentary government, as in England and France. Another result was that the country wore its government more like a toga than a coat."

FUNERAL TO-MORROW.

Mrs. Hattie Christmas Dies After Being Twenty-eight Years an Invalid.

Funeral services for Mrs. Hattie Christmas, wife of Philip H. Christmas, who died Friday night, will be held to-morrow morning at the family residence, 1227 Cochran street. Interment will be at Oak Hill Cemetery. Rev. Charles L. Pate, pastor of Dumbarton Avenue Methodist Church, in Georgetown, will conduct the services, assisted by Rev. Mr. Zeigler, pastor of Magruder Christian Church, near Tuxedo, Md.

Mrs. Christmas had been an invalid for twenty-eight years, and was confined to her room a greater part of that time. Yet her personality and character were such that she drew about her a host of friends, who will mourn her loss. She bore her years of suffering with unusual fortitude, and her constant thought was for those with whom she was associated. Her condition was greatly aggravated during the last year, but, mercifully, as the end came she appeared to be free of any suffering. She was conscious to the last, and a few moments before death she conversed quietly with her husband, and drifted into the beyond as a child goes to its sleep.

Mrs. Christmas was born in Georgetown, a daughter of the late F. Barton Hackney and Eliza H. Hackney. Besides her husband and son, Howard L. Christmas, she is survived by a brother, Fielder P. Hackney, of this city, and two sisters, Mrs. Martha A. Bremerman, of Philadelphia, and Mrs. Sara A. McIntosh, of Washington.

TO-MORROW LAST DAY.

Applications for Liquor Licenses

with Cash Will Be Received.

Applications for renewal of liquor licenses, with money, must be filed with the excise board of the District before 4 o'clock to-morrow evening. By yesterday afternoon 39 applications were filed for retail licenses and eighty-nine applications for wholesale.

There are at present 523 bars and 135 wholesale liquor houses in the District. It is probable some of these will be renewed their licenses, but as there will be applications for licenses to open new places, it is not expected there will be any decrease in the number of saloons operating within the District.

The applications filed will be referred to the police department for report as to the compliance of each with the law during the last year. After these reports are made the excise board will take such action on each individual case as it sees fit.

Places where liquor is sold to women will have some difficulty in procuring a renewal of their licenses, according to an announcement made by the excise board yesterday.

COUNT GUBATTA IDENTIFIED.

Alleged Archduke Proved to Be a Swindler of Repute.

Paris, Oct. 30.—The Austrian police have identified the "Count de Gubatta," who, with his wife, was arrested here for extensive swindling operations, as a man who was born at Linz in 1859. He is a cook by trade, having worked on board on ships at first, and in hotels.

A search of the Avenue Kleber apartments occupied by the "Count de Gubatta," many jewels and pawn tickets issued in various countries, and also ribbons and decorations of foreign countries, especially Austria.

Carrie Nation in Town.

Mrs. Carrie Nation is in Washington for a few days, at her old home, 27 D street, northwest. At the request of temperance leaders, she has consented to deliver a series of lectures on prohibition. Mrs. Nation will speak this evening at 7:30 o'clock at Union M. E. Church, to-morrow at 8:30 o'clock at Baptist Church, and on Wednesday evening at the United Brethren Church.
